

Qianze Zhang

Nettelbosje 2, 9747 AE Groningen, The Netherlands | qianze.zhang@rug.nl | +31 6 34108450

Research Interests

Decision Theory, Rational Choice, Behavioral Economics, Machine Behavior, Economic Psychology.

Education

PhD candidate, University of Groningen, Netherlands 2025–Present

- **Project:** *Decision-Making in Generative AI: Rationality, Bias and Benchmark* (Supervisor: Dr. Zsombor Méder, Dr. Pim Heijnen)

MSc in Applied Cognitive Psychology, Utrecht University, Netherlands 2023–2024

- **Thesis:** *How does synchronous behavior appear under time pressure during dyadic collaboration?* (Supervisor: Dr. Roy Hessels)
- Investigated time pressure effects on behavioral synchrony using eye- and hand-tracking in cooperative tasks.

BSc in Applied Psychology, Central China Normal University, China 2019–2023

- **Thesis:** *A Preliminary Study on “Artificial Intelligence for Aging” – Experience, Expectation, and Influencing Factors of Intelligent Conversational Agents for the Elderly* (Supervisor: Prof. Dr. Zhao Fan)
- Conducted comparative evaluation of GPT-3.5 and Siri for elderly users through NLP-based UX analysis and focus groups, combining quantitative and qualitative insights.

Working Paper

1. Large Language Models’ Representations of Monetary Value in Dictator Games (2025 2025–2026)
2. The Elephant in the Room: Economic Games and Large Language Models (2025–2026)
3. Third Party Punishment to Moral Wiggle Room with Large Language Models (Ongoing)

Conference & Symposium

- Poster presentation – Symposium on Behavioral AI in Education, Work, and Decision-Making (ESSCA School of Management, 2026)
- Oral presentation – TIBER 2026 Symposium (Tilburg University, 2026)

Work Experience

Operation and Maintenance Engineer in Huawei Digital Power Netherlands 07–2025

- I served as a support bridge between the photovoltaic R&D team and the installers. I left this position because I received a PhD candidate offer in academia.

Research Assistant in project: School Climate Influences Adolescents’ Mental Health – A Moderated Mediation Model, Central China Normal University (Supervisor: Dr. Dongping Li) 2021–2022

- Drafted and refined project declarations for funding applications. Designed and collected over 1,000 questionnaires for SEM analysis. Performed SEM and mediation analyses using SPSS and M-plus.

Research Assistant in project: Emotional Processing Mechanism in Ancient Poetry Reading – Evidence of Eye Movement, Central China Normal University (Supervisor: Prof. Dr. Zhijin Zhou) 2020–2021

- Conducted material selection, questionnaire design, and data analysis. Operated Eyelink 1000 for accurate eye-movement data recording.

Workshops and Professional Training

- June 2026 – 3rd European Economic Review Summer School in Experimental and Behavioral Economics (Lisbon School of Economics and Management)
- November 2025 – *Talk to Machines* -A Synthetic Replication Games workshop (Online)
- Dec 2023 – Eye-tracking Toolbox Winter School (Utrecht University)

Volunteer Work

- Jan 2024 – Volunteer, International Film Festival Rotterdam (IFFR), Art Direction Department
- 2022–2023 – Volunteer, Psychological Assistance Hotline Platform, Central China Normal University

Skills

Python (advanced), R (advanced), C++ (basic), SPSS (advanced), Eye-tracking (advanced), PsychoPy (advanced), NVivo (intermediate), M-plus (intermediate)

Languages

Chinese (native), English (advanced), Dutch (beginner), Italian (beginner)
